# Pooria Parhizkar

Istanbul-Turkey
pouorix@gmail.com  linkedin.com/in/pouorix/  github.com/pouorix/  pouorix.github.io/

Experienced Software Developer and Agile Leader with 4+ years of expertise in Frontend Development. Proficient in 20+ languages and tools, I've collaborated on 50+ projects, mentored 10+ junior developers, and fostered a high-performance environment. Eager to bring my passion for coding and collaboration to drive innovative solutions.

## Skills

**Programming Languages**    C, C++, C#, Java, Python, JavaScript, TypeScript
**Framework & Libraries & Learning Tools**    React.JS, Next.JS, Angular, JQuery, Kotlin, Bootstrap, SASS
**Project Management**    Trello, Jira, Atlas, Scrum
**Certifications (LinkedIn badge)**    HTML, CSS, JavaScript, React.JS, Front-end Development, Unity, C
**Other**    HTML, CSS, Git, Linux, UML, Object-Oriented Programming

## Work Experience

**Frontend Developer** Payever GmbH, Hamburg-Germany, Remote                               Mar 2023 – Present

- Link to the live version: https://getpayever.com/
- Contributed to DMEXCO - Digital Marketing Expo & Conference (https://dmexco.com/) on 20th Sep 2023
- Spearheaded the development of an app system, which empowered **Third-party** developers to build over 50 diverse and innovative apps within the platform.
- Implemented a **multi-theme** feature across the entire project, resulting in an impressive 25% increase in user engagement and average time spent on the platform.
- Personalized the application's appearance and optimized its speed by maintaining and improving the complete **UI pack**, leading to an outstanding 20% increase in user feedback.
- Pioneered the design and successful integration of an **Omni-channel** communication platform, encompassing WhatsApp, Facebook Messenger, Instagram Messenger, and Telegram, which contributed to a notable 15% growth in total platform members.
- Streamlined the Builder app, enabling normal users to create full-fledged websites with logic, eliminating the need for code, and accelerating website creation by 40%.
- Technology Stack: HTML, SCSS, JavaScript, Typescript, Angular, NestJS, GraphQL, RabbitMQ, MongoDB, Microservices

**Frontend Developer** Arkamond, Tehran-Iran, Hybrid                               May 2020 – Aug 2023

- Collaborated with cross-functional teams to develop and launch **10+ international super web applications**, encompassing 500+ designed UI/UX pages.
- Leveraged cutting-edge technologies, including **OAuth** and **Microservice Architecture**, for multi-panel projects. Utilized **React.js**, **SCSS**, **jQuery**, and **SSR** tools (**Django templates**/**Next.js**) for significant **SEO** improvements and a 250% increase in monthly acquisitions.
- Achieved 40%-member growth by creating highly responsive, **Cross-browser**, and accessible web apps for **Mobile** (**React Native**/**PWA**) and **Desktop** (**Electron.js**) platforms.
- Led and mentored a team of 5 juniors, contributing to high-performance outcomes, and actively participated in **Scrum** methodology, including product release presentations and code reviews.
- Ensured product quality with **Jest framework**, achieving +95% test coverage.
- Optimized user experience with image/code optimizations and custom **Webpack.js** configuration, resulting in a +24% faster load time compared to industry averages.
- Technology Stack: HTML5, SCSS, JQuery, Bootstrap4, Material UI, TypeScript, React.JS, Next.JS, React Native, Electron JS, Django Template, Django, Docker, PostgreSQL, MongoDB, NginX, WebSocket, Git, Trello, Figma, Zeplin

**Frontend Development leads** Viraltech.co, Tehran-Iran, on-site                               Oct 2020 – Mar 2021

- Developed a **Mobile-friendly Cryptocurrency** project, including admin and user panels, and a responsive Single Page Application (SPA).
- Revamped the **Client Dashboard**, reducing support tickets by 50% and improving user satisfaction.
- **Mentored** and led a team of 3 members, implementing front-end libraries like Material-UI, antd, and bootstrap4 to accelerate development by 45%.
- Technology Stack: JSX, SCSS, Bootstrap4, Material UI, Antd, React.JS, ASP .Net Core, C#, MySQL, SQL Server, Azure DevOps, NginX, Git, Figma

## Education

**Iran University of Science and Technology (IUST)** Tehran, Iran                               Sep 2018 – Jan 2023
Bachelor's Degree in Computer Engineering

- Academic Advisor: Dr. Reza Entezari
- Final Project Supervisor: Dr. Mohammad Abdollahi Azgomi
